

A full-page background image of a mountain landscape. The scene is dominated by a thick, white mist or fog that fills the upper two-thirds of the frame. Below the mist, the mountain slopes are covered in dense, dark green evergreen forests. The lighting is soft and diffused, creating a serene and somewhat ethereal atmosphere. The overall color palette is muted, with various shades of green, grey, and white.

Skincare.

There is no one in this whole world who has not suffered from their skin irritation or troubles. The standard of good skin is always a controversial subject, but having a good skin becomes ultimate goal for many women and men. This PowerPoint presents what kind of innovative skincare or ingredients that are popular in the market, mainly focused on Asian market since I personally think Asian is market is most sensitive and responsive to the trend and current situation.
